# .. An Appreciation ..

BEING impossible for me to thank each one of my friends and customers in person, I take this method of thanking one and all for their kind patronage during the past year, which was one of the best years I have enjoyed since I have been in business. While prices on many artic'es have seemed unnecessarily high, it was due to the whole ale cost, and not to any profiteering on the part of the retailer. I have sold my goods at as close a margin as I possibly could, allowing myself only a living profit. I hope to be able early in this year to announce further reductions in the prices of goods. I will give you the benefit of as low prices as any other merchant.

Again thanking you, I wish to announce that I will keep my three-story building chock full of seasonable merchandise at all times, and ask that you accord me a continuance of your liberal patronage.

I wish you one and all a prosperous and
